2008-PRESENT

Being Able To Control Mind-States If Necessary (Between Logic and Emotions).
Doing Mostly Everything Not For The Money Or Other Materialistic Benefits, But
For My Inner "I Need To Build Something Great" Satisfaction. Learning Mostly
Everything at The First Time At Different Levels and Understandings In Case of
Being Curious About. Being Able To Adapt my Speaking Methods To Fit My
Audience's Knowledge and Understanding. And Many More That'll Be Noticeable
While Communicating Face-To-Face :)
